(Institutional Shares: NPILX)

(Investor Shares: NPLVX)

**Prospectus | March 1, 2019**

### **The Advisors' Inner Circle Fund III**

Investment Adviser:

**NorthPointe Capital, LLC**

The U.S. Securities and Exchange Commission has not approved or disapproved these securities or passed upon the adequacy or accuracy of this Prospectus.

Any representation to the contrary is a criminal offense.

Beginning on March 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by contacting your financial intermediary.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can follow the instructions included with this disclosure, if applicable, or you can contact your financial intermediary to inform it that you wish to continue receiving paper copies of your shareholder reports. If you invest directly with the Fund, you can inform the Fund that you wish to continue receiving paper copies of your shareholder reports by calling 1-877-457-NPF3 (1-877-457-6733). Your election to receive reports in paper will apply to all funds held with your financial intermediary if you invest through a financial intermediary.

# NorthPointe Large Cap Value Fund

## Investment Objective

The investment objective of the NorthPointe Large Cap Value Fund (the “Fund”) is to seek long-term capital appreciation.

## Fund Fees and Expenses

This table describes the fees and expenses that you may pay if you buy and hold Institutional Shares or Investor Shares of the Fund.

### Shareholder Fees (fees paid directly from your investment)

	Institutional and Investor Shares
Redemption Fee (as a percentage of amount redeemed, if redeemed within 90 days of purchase)	2.00%

### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	Institutional Shares	Investor Shares
Management Fees	0.35%	0.35%
Other Expenses	<u>0.69%</u>	<u>0.91%</u>
Shareholder Servicing Fees	None	0.22%
Other Operating Expenses	0.69%	0.69%
Total Annual Fund Operating Expenses	1.04%	1.26%
Less Fee Reductions and/or Expense Reimbursements <sup>1</sup>	<u>(0.39)%</u>	<u>(0.36)%</u>
Total Annual Fund Operating Expenses after Fee Reductions and/or Expense Reimbursements	0.65%	0.90%

<sup>1</sup> NorthPointe Capital, LLC (the “Adviser”) has contractually agreed to waive fees and reimburse expenses to the extent necessary to keep Total Annual Fund Operating Expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses (collectively, “excluded expenses”)) from exceeding 0.65% of the Fund’s Institutional Shares’ average daily net assets and 0.90% of the Fund’s Investor Shares’ average daily net assets until February 28, 2020 (the “contractual expense limit”). In addition, the Adviser may receive from the Fund the difference between the Total Annual Fund Operating Expenses (not including excluded expenses) and the contractual expense limit to recoup all or a portion of its prior fee waivers or expense reimbursements made during the three-year period preceding the recoupment if at any point Total Annual Fund Operating Expenses (not including excluded expenses) are below the contractual expense limit (i) at the time of the fee waiver and/or expense reimbursement and (ii) at the time of the recoupment. This agreement may be terminated: (i) by the Board of Trustees (the “Board”) of The Advisors’ Inner Circle Fund III (the “Trust”), for any reason at any time; or (ii) by the Adviser, upon ninety (90) days’ prior written notice to the Trust, effective as of the close of business on February 28, 2020.

## **Example**

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses (including one year of capped expenses in each period) remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<b>1 Year</b>	<b>3 Years</b>	<b>5 Years</b>	<b>10 Years</b>
Institutional Shares	\$66	\$292	\$536	\$1,236
Investor Shares	\$92	\$364	\$657	\$1,491

## **Portfolio Turnover**

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund's performance. During its most recent fiscal year, the Fund's portfolio turnover rate was 119% of the average value of its portfolio.

## **Principal Investment Strategies**

---

Under normal circumstances, the Fund invests at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in equity securities of large-cap companies. This investment policy may be changed by the Fund upon 60 days' prior written notice to shareholders. The Fund considers large-cap companies to be those companies whose market capitalization is within the range of the companies included in the Russell 1000<sup>®</sup> Value Index as of the time of investment. As of the June 26, 2018 Russell 1000<sup>®</sup> Value Index reconstitution, the market capitalizations of companies included in the Russell 1000<sup>®</sup> Value Index ranged from \$1.5 billion to \$760 billion. The equity securities in which the Fund invests are primarily common stocks of U.S. and foreign companies. The Fund may also invest in foreign companies indirectly through American Depositary Receipts ("ADRs"), European Depositary Receipts ("EDRs") and Global Depositary Receipts ("GDRs"). In addition, the Fund may invest in both U.S. and foreign real estate investment trusts ("REITs").

In selecting investments for the Fund, NorthPointe Capital, LLC (the “Adviser”) utilizes a value style of investing and selects stocks of companies that it believes have good earnings growth potential and are undervalued in the market.

The Adviser considers selling a security if: there are more attractive securities available; the business environment is changing; the security reaches the Adviser’s price target or to control the overall risk of the Fund.

Due to its investment strategy, the Fund may buy and sell securities frequently. This may result in higher transaction costs and additional capital gains liabilities than a fund with a buy and hold strategy. Higher transaction costs may negatively impact Fund performance.

## **Principal Risks**

---

As with all mutual funds, there is no guarantee that the Fund will achieve its investment objective. You could lose money by investing in the Fund. **An investment in the Fund is not a bank deposit and is not insured or guaranteed by the FDIC or any government agency.** The principal risks affecting shareholders’ investments in the Fund are set forth below.

**Equity Risk** – Since it purchases equity securities, the Fund is subject to the risk that stock prices will fall over short or extended periods of time. Historically, the equity markets have moved in cycles, and the value of the Fund’s equity securities may fluctuate drastically from day to day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

**Foreign Company Risk** – Investing in foreign companies, including direct investments and through ADRs, GDRs and EDRs (collectively, “Depository Receipts”), which are traded on exchanges and represent an ownership in a foreign security, poses additional risks since political and economic events unique to a country or region will affect those markets and their issuers.

These risks will not necessarily affect the U.S. economy or similar issuers located in the U.S. In addition, investments in foreign companies are generally denominated in a foreign currency. As a result, changes in the value of those currencies compared to the U.S. dollar may affect (positively or negatively) the value of the Fund’s investments. These

currency movements may occur separately from, and in response to, events that do not otherwise affect the value of the security in the issuer's home country. Securities of foreign companies may not be registered with the U.S. Securities and Exchange Commission (the "SEC") and foreign companies are generally not subject to the regulatory controls imposed on U.S. issuers and, as a consequence, there is generally less publically available information about foreign securities than is available about domestic securities. Income from foreign securities owned by the Fund may be reduced by a withholding tax at the source, which would reduce income received from the securities comprising the Fund's portfolio. Foreign securities may also be more difficult to value than securities of U.S. issuers. While Depositary Receipts provide an alternative to directly purchasing the underlying foreign securities in their respective national markets and currencies, investments in Depositary Receipts continue to be subject to many of the risks associated with investing directly in foreign securities.

**Foreign Currency Risk** – As a result of the Fund's investments in securities or other investments denominated in, and/or receiving revenues in, foreign currencies, the Fund will be subject to currency risk. Currency risk is the risk that foreign currencies will decline in value relative to the U.S. dollar, in which case, the dollar value of an investment in the Fund would be adversely affected.

**REIT Risk** – REITs are pooled investment vehicles that own, and usually operate, income-producing real estate. REITs are susceptible to the risks associated with direct ownership of real estate, such as the following: declines in property values; increases in property taxes, operating expenses, interest rates or competition; overbuilding; zoning changes; and losses from casualty or condemnation. The Fund's investments in REITs will result in the layering of expenses such that shareholders will indirectly bear a proportionate share of the REITs' operating expenses, in addition to paying Fund expenses.

**Investment Style Risk** – The Fund pursues a "value style" of investing. Value investing focuses on companies with stocks that appear undervalued in light of factors such as the company's earnings, book value, revenues or cash flow. If the Adviser's assessment of market conditions, or a company's value or its prospects for exceeding earnings expectations is inaccurate, the Fund could suffer losses or produce poor performance relative to other funds. In addition, "value stocks" can continue to be undervalued by the market for long periods of time.

**Portfolio Turnover Risk** – The Fund may buy and sell securities frequently. Such a strategy often involves higher expenses, including brokerage commissions, and may increase the amount of capital gains (in particular, short term gains) realized by the Fund. Shareholders may pay tax on such capital gains and will indirectly incur additional expenses related to a fund with a higher portfolio turnover rate.

**Performance Information**

---

The bar chart and the performance table below illustrate the risks and volatility of an investment in the Fund by showing changes in the Fund’s Institutional Shares’ performance from year to year and by showing how the Fund’s Institutional Shares’ and Investor Shares’ average annual total returns for 1 year and since inception compare with those of a broad measure of market performance. Of course, the Fund’s past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available on the Fund’s website at [www.northpointefunds.com](http://www.northpointefunds.com) or by calling the Fund at 1-877-457-NPF3 (1-877-457-6733).

<b>BEST QUARTER</b>	<b>WORST QUARTER</b>

## **Average Annual Total Returns for Periods Ended December 31, 2018**

This table compares the Fund's average annual total returns for the periods ended December 31, 2018 to those of an appropriate broad based index.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Your actual after-tax returns will depend on your tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRAs"). After-tax returns are shown for Institutional Shares only. After-tax returns for Investor Shares will vary.

Returns after taxes on distributions and sale of Fund shares may be higher than before-tax returns when a net capital loss occurs upon the redemption of Fund shares.

<b>NorthPointe Large Cap Value Fund</b>	<b>1 Year</b>	<b>Since Inception (03/25/14)</b>
Fund Returns Before Taxes		
Institutional Shares	(11.27)%	4.72%
Investor Shares	(11.42)%	4.53%
Fund Returns After Taxes on Distributions		
Institutional Shares	(13.52)%	3.73%
Fund Returns After Taxes on Distributions and Sale of Fund Shares		
Institutional Shares	(5.77)%	3.64%
Russell 1000® Value Index (reflects no deduction for fees, expenses or taxes)	(8.27)%	5.75%

### **Investment Adviser**

---

NorthPointe Capital, LLC

### **Portfolio Manager**

---

Peter J. Cahill, CFA, Chief Investment Officer, founding partner and portfolio manager, has managed the Fund since its inception in 2014.

## **Purchase and Sale of Fund Shares**

---

To purchase shares of the Fund for the first time, you must invest at least \$100,000 for Institutional Shares and \$1,000 for Investor Shares (\$500 for IRAs). Your subsequent investments in the Fund must be made in amounts of at least \$10,000 for Institutional Shares and \$500 for Investor Shares (\$250 for IRAs). Systematic planned contributions are required to be at least \$50. The Fund reserves the right to waive the minimum investment amounts in its sole discretion.

Minimum investment requirements do not apply to purchases by employees of the Adviser or its affiliates (or to their spouses, children or immediate relatives), or to certain retirement plans, fee-based programs or omnibus accounts. If you purchase shares through an intermediary, different minimum account requirements may apply.

If you own your shares directly, you may redeem your shares on any day the New York Stock Exchange (the “NYSE”) is open for business (a “Business Day”) via Automated Clearing House (“ACH”) (subject to certain account minimums) or by contacting the Fund directly by mail at: NorthPointe Large Cap Value Fund, P.O. Box 219009, Kansas City, Missouri 64121-9009 (Express Mail Address: NorthPointe Large Cap Value Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, Missouri 64105) or telephone at 1-877-457-NPF3 (1-877-457-6733).

If you own your shares through an account with a broker or other institution, contact that broker or institution to redeem your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

## **Tax Information**

---

The Fund intends to make distributions that may be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or IRA, in which case your distribution will be taxed when withdrawn from the tax-deferred account.

## **Payments to Broker-Dealers and Other Financial Intermediaries**

---

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

## MORE INFORMATION ABOUT RISK

---

Investing in the Fund involves risk and there is no guarantee that the Fund will achieve its goals. The Adviser's judgments about the markets, the economy, or companies may not anticipate actual market movements, economic conditions or company performance, and these judgments may affect the return on your investment. In fact, no matter how good of a job the Adviser does, you could lose money on your investment in the Fund, just as you could with similar investments.

The value of your investment in the Fund is based on the value of the securities the Fund holds. These prices change daily due to economic and other events that affect particular companies and other issuers. These price movements, sometimes called volatility, may be greater or lesser depending on the types of securities the Fund owns and the markets in which they trade. The effect on the Fund of a change in the value of a single security will depend on how widely the Fund diversifies its holdings.

**Equity Risk** – Equity securities include public and privately issued equity securities, common and preferred stocks, Depositary Receipts and shares of REITs. Common stock represents an equity or ownership interest in an issuer. Preferred stock provides a fixed dividend that is paid before any dividends are paid to common stockholders, and which takes precedence over common stock in the event of a liquidation. Like common stock, preferred stocks represent partial ownership in a company, although preferred stock shareholders do not enjoy any of the voting rights of common stockholders. Also, unlike common stock, a preferred stock pays a fixed dividend that does not fluctuate, although the company does not have to pay this dividend if it lacks the financial ability to do so. Investments in equity securities in general are subject to market risks that may cause their prices to fluctuate over time. Fluctuations in the value of equity securities in which the Fund invests will cause the Fund's net asset value ("NAV") to fluctuate. An investment in a portfolio of equity securities may be more suitable for long-term investors who can bear the risk of these share price fluctuations.

**Foreign Company Risk** – Investments in securities of foreign companies (including direct investments as well as investments through Depositary Receipts) can be more volatile than investments in U.S. companies. Diplomatic, political, or economic developments, including nationalization or appropriation, could affect investments in foreign companies. Foreign securities markets generally have less trading volume and less liquidity than U.S. markets. In addition, the value of securities denominated in foreign currencies, and of dividends from such securities, can change significantly when foreign currencies strengthen or weaken relative to

the U.S. dollar. Financial statements of foreign issuers are governed by different accounting, auditing, and financial reporting standards than the financial statements of U.S. issuers and may be less transparent and uniform than in the U.S. Thus, there may be less information publicly available about foreign issuers than about most U.S. issuers. Transaction costs are generally higher than those in the U.S. and expenses for custodial arrangements of foreign securities may be somewhat greater than typical expenses for custodial arrangements of similar U.S. securities. Some foreign governments levy withholding taxes against dividend and interest income. Although in some countries a portion of these taxes are recoverable, the non-recovered portion will reduce the income received from the securities comprising the Fund's portfolio.

**REIT Risk** – REITs are pooled investment vehicles that own, and usually operate, income-producing real estate. REITs are susceptible to the risks associated with direct ownership of real estate, such as the following: declines in property values; increases in property taxes, operating expenses, interest rates or competition; overbuilding; zoning changes; and losses from casualty or condemnation. REITs typically incur fees that are separate from those of the Fund. Accordingly, the Fund's investments in REITs will result in the layering of expenses such that shareholders will indirectly bear a proportionate share of the REITs' operating expenses, in addition to paying Fund expenses. REIT operating expenses are not reflected in the fee table and example in this Prospectus.

## **MORE INFORMATION ABOUT THE FUND'S INVESTMENT OBJECTIVE AND STRATEGIES**

---

The investment objective of the Fund is to seek long-term capital appreciation. The Fund may change its investment objective without shareholder approval.

Under normal circumstances, the Fund invests at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in equity securities of large-cap companies. This investment policy may be changed by the Fund upon 60 days' prior written notice to shareholders. The Fund considers large-cap companies to be those companies whose market capitalization is within the range of the companies included in the Russell 1000<sup>®</sup> Value Index as of the time of investment. As of the June 26, 2018 Russell 1000<sup>®</sup> Value Index reconstitution, the market capitalizations of companies included in the Russell 1000<sup>®</sup> Value Index ranged from \$1.5 billion to \$760 billion. The equity securities in which the Fund invests are primarily common stocks of U.S. and foreign companies. The Fund may also invest in foreign companies indirectly through ADRs, EDRs and GDRs. In addition, the Fund may invest in both U.S. and foreign REITs.

In selecting investments for the Fund, the Adviser utilizes a value style of investing and selects stocks of companies that it believes have good earnings growth potential and are undervalued in the market.

The Adviser considers selling a security if: there are more attractive securities available; the business environment is changing; the security reaches the Adviser's price target or to control the overall risk of the Fund.

Due to its investment strategy, the Fund may buy and sell securities frequently. This may result in higher transaction costs and additional capital gains liabilities than a fund with a buy and hold strategy. Higher transaction costs may negatively impact Fund performance.

### **Additional Information about Fund Investments**

This Prospectus describes the Fund's principal investment strategies, and the Fund will normally invest in the types of securities and other investments described in this Prospectus. In addition to the securities and other investments and strategies described in this Prospectus, the Fund also may invest to a lesser extent in other securities, use other strategies and engage in other investment practices that are not part of its principal investment strategies. These investments and strategies, as well as those described in this Prospectus, are described in detail

in the Fund's Statement of Additional Information (the "SAI") (for information on how to obtain a copy of the SAI see the back cover of this Prospectus). Of course, there is no guarantee that the Fund will achieve its investment goals.

The investments and strategies described in this Prospectus are those that the Fund uses under normal conditions. During unusual economic or market conditions, or for temporary defensive purposes, the Fund may invest up to 100% of its assets in money market instruments and other cash equivalents that would not ordinarily be consistent with its investment objectives, including short-term U.S. government securities, certificates of deposit, banker's acceptances, and interest-bearing savings deposits of commercial banks, prime quality commercial paper, repurchase agreements covering any of the securities in which the Fund may invest directly and shares of other investment companies that invest in securities in which the Fund may invest, to the extent permitted by applicable law. If the Fund invests in this manner, it may not achieve its investment objective. The Fund will only make temporary defensive investments if the Adviser believes that the risk of loss outweighs the opportunity for capital appreciation.

## **INFORMATION ABOUT PORTFOLIO HOLDINGS**

---

A description of the Fund's policy and procedures with respect to the circumstances under which the Fund discloses its portfolio securities is available in the SAI.

## **INVESTMENT ADVISER**

---

NorthPointe Capital, LLC, a Delaware limited liability company, serves as the investment adviser to the Fund. The Adviser's principal place of business is located at 39400 Woodward Avenue, Suite 190, Bloomfield Hills, Michigan 48304. The Adviser was organized in 1999 as a domestic equity money management firm dedicated to serving the investment needs of institutions, high net-worth individuals and mutual funds. The Adviser is a wholly owned subsidiary of NorthPointe Holdings, LLC, which is owned by employees of the Adviser. As of December 31, 2018, the Adviser had approximately \$580 million in assets under management.

The Adviser makes investment decisions for the Fund and continuously reviews, supervises and administers the Fund's investment program. The Board supervises the Adviser and establishes policies that the Adviser must follow in its management activities.

For its advisory services to the Fund, the Adviser is entitled to a fee, which is calculated daily and paid monthly, at an annual rate of 0.35% of the average daily net assets of the Fund.

The Adviser has contractually agreed to reduce its fees and/or reimburse expenses to the extent necessary to keep total annual Fund operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses and extraordinary expenses (collectively, “excluded expenses”)) for Institutional Shares and Investor Shares from exceeding certain levels as set forth below until February 28, 2020 (the “contractual expense limit”). This agreement may be terminated: (i) by the Board, for any reason at any time; or (ii) by the Adviser, upon ninety (90) days’ prior written notice to the Trust, effective as of the close of business on February 28, 2020.

<b>Contractual Expense Limit (Institutional Shares)</b>	<b>Contractual Expense Limit (Investor Shares)</b>
0.65% <sup>1</sup>	0.90% <sup>1</sup>

<sup>1</sup> Prior to February 28, 2018, the contractual expense limit was 0.80% for Institutional Shares and 1.05% for Investor Shares.

In addition, the Adviser may receive from the Fund the difference between the total annual Fund operating expenses (not including excluded expenses) and the contractual expense limit to recoup all or a portion of its prior fee waivers or expense reimbursements made during the three-year period preceding the recoupment if at any point total annual Fund operating expenses (not including excluded expenses) are below the contractual expense limit (i) at the time of the fee waiver and/or expense reimbursement and (ii) at the time of the recoupment.

For the fiscal year ended October 31, 2018, the Fund paid 0.11% of its average daily net assets (after fee reductions) in advisory fees to the Adviser.

A discussion regarding the basis for the Board’s approval of the Fund’s investment advisory agreement will be available in the Fund’s Semi-Annual Report to Shareholders dated April 30, 2019, which covers the period from November 1, 2018 to April 30, 2019.

## **PORTFOLIO MANAGER**

---

Peter J. Cahill, CFA, Chief Investment Officer and a founding partner of the Adviser, joined the Adviser in 1999 and serves as portfolio manager of the Fund.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed, and ownership of Fund shares.

## **RELATED PERFORMANCE DATA OF THE ADVISER**

---

The following tables provide the related performance of all separate accounts (each, an "Account"), referred to as a "Composite," managed by the Adviser that have investment objectives, policies and strategies substantially similar to those of the Fund. **The data does not represent the performance of the Fund.** Performance is historical and does not represent the future performance of the Fund or of the Adviser.

The manner in which the performance was calculated for the Composite differs from that of registered mutual funds such as the Fund. If the performance was calculated in accordance with SEC standardized performance methodology, the performance results may have been different. The Adviser has prepared and presented the following in compliance with the Global Investment Performance Standards (GIPS®). The Adviser's policies on valuation, calculating performance and preparing GIPS® compliant performance presentations are available upon request.

All returns presented were calculated on a total return basis and include all dividends and interest, accrued income, and realized and unrealized gains and losses. Investment transactions are accounted for on a trade date basis. All returns reflect the payment of brokerage commissions, execution costs, sales loads and account fees, if any, paid by the Accounts included in the Composite, without taking into account federal or state income taxes. "Net of fees" returns also reflect the payment of actual investment management fees. All fees and expenses, except custodial fees, if any, were included in the calculations. Because of variation in fee levels, the "net of fees" Composite returns may not be reflective of performance in any one particular Account. Therefore, the performance information shown below is not necessarily representative of the performance information that typically would be shown for a registered mutual fund.

The performance information was calculated based on the Adviser's records. Account returns were calculated monthly using a time-weighted rate of return that adjusts for external cash flows. Monthly Composite returns were calculated by weighting individual monthly Account returns by their beginning of month market value as a percentage of the Composite's beginning of month market value. Annual Composite returns were calculated by geometrically linking monthly Composite returns. Accounts are included in the Composite

beginning with the first full month of performance; prior to April 1, 2006, Accounts were included in the Composite after the first full month of performance. There is no minimum account size for the Composite. Prior to September 30, 2008, the minimum account size for the Composite was \$1 million, however no Accounts with investment objectives, policies and strategies substantially similar to those of the Fund were excluded from the Composite because the Accounts did not meet the minimum account size. Composite performance results are presented in United States dollars.

The inception date of the Composite is June 30, 2000.

The Fund's fees and expenses are generally expected to be higher than those of the accounts included in the Composite. If the Fund's fees and expenses had been imposed on the accounts included in the Composite, the performance shown below would have been lower. The Accounts that are included in the Composite are not subject to the diversification requirements, specific tax restrictions, and investment limitations imposed by the federal securities and tax laws. Consequently, the performance results for the Composite could have been adversely affected if the Accounts in the Composite were subject to the same federal securities and tax laws as the Fund.

The investment results for the Composite presented below are not intended to predict or suggest the future returns of the Fund. **The performance data shown below should not be considered a substitute for the Fund's own performance information.** Investors should be aware that the use of a methodology different than that used below to calculate performance could result in different performance data.

*The following data does not represent the performance of the Fund.*

#### **Performance Information for the Adviser's Large Cap Value Composite**

(January 1, 2009 through December 31, 2018)

*The following data represents the performance of the Adviser and not the performance of the Fund.*

Year	Total Pre-Tax Return (Gross of Fees)	Total Pre-Tax Return (Net of Fees)	Russell 1000® Value Index <sup>1</sup>	Number of Accounts	Total Composite Assets at End of Period (millions)
2018	-10.73%	-11.07%	-8.27%	14	\$283.9
2017	15.95%	15.52%	13.66%	12	\$329.0
2016	12.75%	12.37%	17.24%	11	\$310.4
2015	-0.83%	-1.14%	-3.83%	8	\$293.5

Year	Total Pre-Tax Return (Gross of Fees)	Total Pre-Tax Return (Net of Fees)	Russell 1000® Value Index <sup>1</sup>	Number of Accounts	Total Composite Assets at End of Period (millions)

<sup>1</sup> The Russell 1000® Index measures the performance of the large-cap segment of the U.S. equity universe. It is a subset of the Russell 3000® Index and includes approximately 1000 of the largest securities based on a combination of their market cap and current index membership.

## **PURCHASING AND SELLING FUND SHARES**

This section tells you how to purchase and sell (sometimes called “redeem”) Institutional and Investor Shares of the Fund.

For information regarding the federal income tax consequences of transactions in shares of the Fund, including information about cost basis reporting, see “Taxes.”

### **How to Choose a Share Class**

The Fund offers two classes of shares to investors, Institutional Shares and Investor Shares. Each share class has its own investment minimums, cost structure and other features. The following summarizes the primary features of Institutional Shares and Investor Shares. Contact your financial intermediary or the Fund for more information about the Fund’s share classes and how to choose between them.

Class Name	Investment Minimums	Fees
Institutional	Initial- \$100,000 Subsequent- \$10,000	No shareholder servicing fee.
Investor	Initial- \$1,000 (\$500 for IRAs) Subsequent- \$500 (\$250 for IRAs)	0.25% shareholder servicing fee.

Institutional Shares and Investor Shares are offered to investors who purchase shares directly from the Fund or through certain financial intermediaries such as financial planners, investment advisors, broker-dealers or other financial institutions. An investor may be eligible to purchase more than one share class. However, if you purchase shares through a financial intermediary, you may only purchase that class of shares which your financial intermediary sells or services. Your financial intermediary can tell you which class of shares is available through the intermediary.

The Fund reserves the right to accept investments of smaller amounts in its sole discretion.

## How to Purchase Fund Shares

To purchase shares directly from the Fund through its transfer agent, complete and send in the application. If you need an application or have questions, please call 1-877-457-NPF3 (1-877-457-6733).

All investments must be made by check, ACH, or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler's checks, money orders or cashier's checks.

The Fund reserves the right to reject any specific purchase order for any reason. The Fund is not intended for short-term trading by shareholders in response to short-term market fluctuations. For more information about the Fund's policy on short-term trading, see "Excessive Trading Policies and Procedures."

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence. Please contact the Fund for more information.

## By Mail

You can open an account with the Fund by sending a check and your account application to the address below. You can add to an existing

account by sending the Fund a check and, if possible, the “Invest by Mail” stub that accompanies your confirmation statement. Be sure your check identifies clearly your name, your account number and the share class.

**Regular Mail Address**

NorthPointe Large Cap Value Fund  
P.O. Box 219009  
Kansas City, MO 64121-9009

**Express Mail Address**

NorthPointe Large Cap Value Fund  
c/o DST Systems, Inc.  
430 West 7th Street  
Kansas City, MO 64105

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of purchase orders does not constitute receipt by the Fund’s transfer agent. The share price used to fill the purchase order is the next price calculated by the Fund after the Fund’s transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

**By Wire**

To open an account by wire, call 1-877-457-NPF3 (1-877-457-6733) for details. To add to an existing account by wire, wire your money using the wiring instructions set forth below (be sure to include the Fund name, the share class and your account number).

**Wiring Instructions**

UMB Bank, N.A.  
ABA Number 101000695  
NorthPointe Large Cap Value Fund  
Account Number 9872013085

Further credit to:

Shareholder account number; names(s) of shareholder(s); SSN or TIN and share class to be purchased

The Fund and UMB Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

## **By Systematic Investment Plan (via ACH)**

You may not open an account via ACH. However, once you have established an account, you can set up an automatic investment plan via ACH by mailing a completed application to the Fund. These purchases can be made monthly, quarterly, semi-annually or annually in amounts of at least \$50. To cancel or change a plan, contact the Fund by mail at: NorthPointe Large Cap Value Fund, P.O. Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: NorthPointe Large Cap Value Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105) or by telephone at 1-877-457-NPF3 (1-877-457-6733). Please allow up to 15 days to create the plan and 3 days to cancel or change it.

## **Purchases In-Kind**

Subject to the approval of the Fund, an investor may purchase shares of the Fund with liquid securities and other assets that are eligible for purchase by the Fund (consistent with the Fund's investment policies and restrictions) and that have a value that is readily ascertainable in accordance with the Fund's valuation policies. These transactions will be effected only if the Adviser deems the security to be an appropriate investment for the Fund. Assets purchased by the Fund in such transactions will be valued in accordance with procedures adopted by the Fund. The Fund reserves the right to amend or terminate this practice at any time.

## **Minimum Investments**

To purchase shares of the Fund for the first time, you must invest at least \$100,000 for Institutional Shares and \$1,000 for Investor Shares (\$500 for IRAs). Your subsequent investments in the Fund must be made in amounts of at least \$10,000 for Institutional Shares and \$500 for Investor Shares (\$250 for IRAs). Systematic planned contributions are required to be at least \$50. The Fund reserves the right to waive the minimum investment amounts in its sole discretion.

Minimum investment requirements do not apply to purchases by employees of the Adviser or its affiliates (or to their spouses, children or immediate relatives), or to certain retirement plans, fee-based programs or omnibus accounts. If you purchase shares through an intermediary, different minimum account requirements may apply. SEI Investments Distribution Co. (the "Distributor") reserves the right to waive the investment minimums under certain circumstances.

## Fund Codes

The reference information listed below will be helpful to you when you contact the Fund to purchase Institutional or Investor Shares of the Fund, check daily NAV or obtain additional information.

Fund Name	Ticker Symbol	CUSIP	Fund Code
<b>NorthPointe Large Cap Value Fund</b>			
Institutional Shares	NPILX	00771X 302	3193
Investor Shares	NPLVX	00771X 401	3192

## General Information

You may generally purchase shares on any day that the NYSE is open for business (a “Business Day”). Shares cannot be purchased by Federal Reserve wire on days that either the NYSE or the Federal Reserve is closed. The Fund’s price per share will be the NAV per share next determined after the Fund or an authorized institution (as defined below) receives your purchase order in proper form. “Proper form” means that the Fund was provided with a complete and signed account application, including the investor’s social security number or tax identification number, and other identification required by law or regulation, as well as sufficient purchase proceeds.

The Fund calculates its NAV once each Business Day as of the close of normal trading on the NYSE (normally, 4:00 p.m., Eastern Time). To receive the current Business Day’s NAV, the Fund or an authorized institution must receive your purchase order in proper form before the close of normal trading on the NYSE. If the NYSE closes early, as in the case of scheduled half-day trading or unscheduled suspensions of trading, the Fund reserves the right to calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions. Shares will only be priced on Business Days. Since securities that are traded on foreign exchanges may trade on days that are not Business Days, the value of the Fund’s assets may change on days when you are unable to purchase or redeem shares.

## Buying or Selling Shares through a Financial Intermediary

In addition to being able to buy and sell Fund shares directly from the Fund through its transfer agent, you may also buy or sell shares of the Fund through accounts with financial intermediaries, such as brokers and other institutions that are authorized to place trades in

Fund shares for their customers. When you purchase or sell Fund shares through a financial intermediary (rather than directly from the Fund), you may have to transmit your purchase and sale requests to the financial intermediary at an earlier time for your transaction to become effective that day. This allows the financial intermediary time to process your requests and transmit them to the Fund prior to the time the Fund calculates its NAV that day. Your financial intermediary is responsible for transmitting all purchase and redemption requests, investment information, documentation and money to the Fund on time. If your financial intermediary fails to do so, it may be responsible for any resulting fees or losses. Unless your financial intermediary is an authorized institution, orders transmitted by the financial intermediary and received by the Fund after the time NAV is calculated for a particular day will receive the following day's NAV.

Certain financial intermediaries, including certain broker-dealers and shareholder organizations, are authorized to act as agent on behalf of the Fund with respect to the receipt of purchase and redemption orders for Fund shares ("authorized institutions"). Authorized institutions are also authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized institution or, if applicable, an authorized institution's designee, receives the order. Orders will be priced at the Fund's NAV next computed after they are received by an authorized institution or an authorized institution's designee. To determine whether your financial intermediary is an authorized institution or an authorized institution's designee such that it may act as agent on behalf of the Fund with respect to purchase and redemption orders for Fund shares, you should contact your financial intermediary directly.

If you deal directly with a financial intermediary, you will have to follow its procedures for transacting with the Fund. Your financial intermediary may charge a fee for your purchase and/or redemption transactions. For more information about how to purchase or sell Fund shares through a financial intermediary, you should contact your financial intermediary directly.

## **How the Fund Calculates NAV**

The NAV of a class of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets attributable to the class, less any liabilities attributable to the class, by the total number of shares outstanding of the class. In calculating NAV,

the Fund generally values its investment portfolio at market price. If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to price those securities at fair value as determined in good faith using methods approved by the Board. Pursuant to the policies adopted by, and under the ultimate supervision of, the Board, these methods are implemented through the Trust's Fair Value Pricing Committee, members of which are appointed by the Board. The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

There may be limited circumstances in which the Fund would price securities at fair value for stocks of U.S. companies that are traded on U.S. exchanges – for example, if the exchange on which a portfolio security is principally traded closed early or if trading in a particular security was halted during the day and did not resume prior to the time the Fund calculated its NAV.

With respect to any non-U.S. securities held by the Fund, the Fund may take factors influencing specific markets or issuers into consideration in determining the fair value of a non-U.S. security. International securities markets may be open on days when the U.S. markets are closed. In such cases, the value of any international securities owned by the Fund may be significantly affected on days when investors cannot buy or sell shares. In addition, due to the difference in times between the close of the international markets and the time the Fund prices its shares, the value the Fund assigns to securities generally will not be the same as the quoted or published prices of those securities on their primary markets or exchanges. In determining fair value prices, the Fund may consider the performance of securities on their primary exchanges, foreign currency appreciation/depreciation, or securities market movements in the United States, or other relevant information as related to the securities.

## **How to Sell Your Fund Shares**

If you own your shares directly, you may sell your shares on any Business Day by contacting the Fund directly by mail or telephone at 1-877-457-NPF3 (1-877-457-6733).

If you own your shares through an account with a broker or other institution, contact that broker or institution to sell your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

If you would like to have your redemption proceeds, including proceeds generated as a result of closing your account, sent to a third party or an address other than your own, please notify the Fund in writing.

Certain redemption requests will require a signature guarantee by an eligible guarantor institution. Eligible guarantors include commercial banks, savings and loans, savings banks, trust companies, credit unions, member firms of a national stock exchange, or any other member or participant of an approved signature guarantor program. For example, signature guarantees may be required if your address of record has changed in the last 30 days, if you want the proceeds sent to a bank other than the bank of record on your account, or if you ask that the proceeds be sent to a different person or address. Please note that a notary public is not an acceptable provider of a signature guarantee and that the Fund must be provided with the original guarantee. Signature guarantees are for the protection of Fund shareholders. Before granting a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

Accounts held by a corporation, trust, fiduciary or partnership may require additional documentation along with a signature guaranteed letter of instruction. The Fund participates in the Paperless Legal Program (the “Program”), which eliminates the need for accompanying paper documentation on legal securities transfers. Requests received with a Medallion Signature Guarantee will be reviewed for the proper criteria to meet the guidelines of the Program and may not require additional documentation. Please contact Shareholder Services at 1-877-457-NPF3 (1-877-457-6733) for more information.

The sale price will be the NAV next determined after the Fund receives your request in proper form.

## **By Mail**

To redeem shares by mail, please send a letter to the Fund signed by all registered parties on the account specifying:

- The share class;
- The account number;

- The dollar amount or number of shares you wish to redeem;
- The account name(s); and
- The address to which redemption (sale) proceeds should be sent.

All registered shareholders must sign the letter in the exact name(s) in which their account is registered and must designate any special capacity in which they are registered.

**Regular Mail Address**

NorthPointe Large Cap Value Fund  
P.O. Box 219009  
Kansas City, MO 64121-9009

**Express Mail Address**

NorthPointe Large Cap Value Fund  
c/o DST Systems, Inc.  
430 West 7th Street  
Kansas City, MO 64105

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of sell orders does not constitute receipt by the Fund's transfer agent. The share price used to fill the sell order is the next price calculated by the Fund after the Fund's transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

**By Telephone**

To redeem shares by telephone, you must first establish the telephone redemption privilege (and, if desired, the wire and/or ACH redemption privilege) by completing the appropriate sections of the account application. Call 1-877-457-NPF3 (1-877-457-6733) to redeem your shares. Based on your instructions, the Fund will mail your proceeds to you or send them to your bank via wire or ACH.

**By Systematic Withdrawal Plan (via ACH)**

If your account balance is at least \$10,000, you may transfer as little as \$50 per month from your account to another financial institution through a Systematic Withdrawal Plan (via ACH). To participate in this service, you must complete the appropriate sections of the account application and mail it to the Fund.

## Receiving Your Money

Normally, the Fund will send your sale proceeds within one Business Day after it receives your redemption request. The Fund, however, may take up to seven days to pay redemption proceeds. Your proceeds can be wired to your bank account (may be subject to a \$10 fee), sent to you by check or sent via ACH to your bank account if you have established banking instructions on your account. **If you purchase shares using a check or via ACH, and soon after request a redemption, if the check has not cleared the Fund will not consider the request to be in “proper form” and will not honor the redemption request.**

The Fund typically expects to sell portfolio assets and/or hold cash or cash equivalents to meet redemption requests. On a less regular basis, the Fund may also meet redemption requests by using short-term borrowings from its custodian and/or redeeming shares in-kind (as described below). These methods may be used during both normal and stressed market conditions.

## Redemptions In Kind

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise and for the protection of the Fund's remaining shareholders, the Fund might pay all or part of your redemption proceeds in securities with a market value equal to the redemption price (redemption in kind). It is highly unlikely that your shares would ever be redeemed in kind, but if they were, you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in kind until they are sold.

## Involuntary Redemptions of Your Shares

If your account balance drops below \$50,000 for Institutional Shares and \$500 for Investor Shares (\$250 for IRAs) because of redemptions, you may be required to sell your shares. The Fund will provide you at least 30 days' written notice to give you time to add to your account and avoid the involuntary redemption of your shares. If your shares are redeemed for this reason within 90 days of their purchase, the redemption fee will not be applied.

## **Suspension of Your Right to Sell Your Shares**

The Fund may suspend your right to sell your shares or delay payment of redemption proceeds for more than seven days during times when the NYSE is closed, other than during customary weekends or holidays, or as otherwise permitted by the SEC. More information about this is in the SAI.

## **Telephone Transactions**

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred by following telephone instructions it reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

## **PAYMENTS TO FINANCIAL INTERMEDIARIES**

The Fund and/or the Adviser may compensate financial intermediaries for providing a variety of services to the Fund and/or its shareholders. Financial intermediaries include affiliated or unaffiliated brokers, dealers, banks (including bank trust departments), trust companies, registered investment advisers, financial planners, retirement plan administrators, insurance companies, and any other institution having a service, administration, or any similar arrangement with the Fund, its service providers or their respective affiliates. This section briefly describes how financial intermediaries may be paid for providing these services. For more information, please see “Payments to Financial Intermediaries” in the SAI.

## **Shareholder Servicing Plan**

The Fund has adopted a shareholder servicing plan that provides that the Fund may pay financial intermediaries for shareholder services in an annual amount not to exceed 0.25% based on the average daily net assets of the Fund’s Investor Shares. The services for which financial intermediaries are compensated may include record-keeping, transaction processing for shareholders’ accounts and other shareholder services.

## Payments by the Adviser

From time to time, the Adviser and/or its affiliates, in their discretion, may make payments to certain affiliated or unaffiliated financial intermediaries to compensate them for the costs associated with distribution, marketing, administration and shareholder servicing support for the Fund. These payments are sometimes characterized as “revenue sharing” payments and are made out of the Adviser’s and/or its affiliates’ own legitimate profits or other resources, and may be in addition to any payments made to financial intermediaries by the Fund. A financial intermediary may provide these services with respect to Fund shares sold or held through programs such as retirement plans, qualified tuition programs, fund supermarkets, fee-based advisory or wrap fee programs, bank trust programs, and insurance (e.g., individual or group annuity) programs. In addition, financial intermediaries may receive payments for making shares of the Fund available to their customers or registered representatives, including providing the Fund with “shelf space,” placing it on a preferred or recommended fund list, or promoting the Fund in certain sales programs that are sponsored by financial intermediaries. To the extent permitted by SEC and Financial Industry Regulatory Authority (“FINRA”) rules and other applicable laws and regulations, the Adviser and/or its affiliates may pay or allow other promotional incentives or payments to financial intermediaries.

The level of payments made by the Adviser and/or its affiliates to individual financial intermediaries varies in any given year and may be negotiated on the basis of sales of Fund shares, the amount of Fund assets serviced by the financial intermediary or the quality of the financial intermediary’s relationship with the Adviser and/or its affiliates. These payments may be more or less than the payments received by the financial intermediaries from other mutual funds and may influence a financial intermediary to favor the sales of certain funds or share classes over others. In certain instances, the payments could be significant and may cause a conflict of interest for your financial intermediary. Any such payments will not change the NAV or price of the Fund’s shares. Please contact your financial intermediary for information about any payments it may receive in connection with the sale of Fund shares or the provision of services to Fund shareholders.

In addition to these payments, your financial intermediary may charge you account fees, commissions or transaction fees for buying or redeeming shares of the Fund, or other fees for servicing your account. Your financial intermediary should provide a schedule of its fees and services to you upon request.

## OTHER POLICIES

---

### Excessive Trading Policies and Procedures

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders and could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests, and experiencing increased transaction costs.

In addition, because the Fund may invest in foreign securities traded primarily on markets that close prior to the time the Fund determines its NAV, the risks posed by frequent trading may have a greater potential to dilute the value of Fund shares held by long-term shareholders than funds investing exclusively in U.S. securities. In instances where a significant event that affects the value of one or more foreign securities held by the Fund takes place after the close of the primary foreign market, but before the time that the Fund determines its NAV, certain investors may seek to take advantage of the fact that there will be a delay in the adjustment of the market price for a security caused by this event until the foreign market reopens (sometimes referred to as “price” or “time zone” arbitrage). Shareholders who attempt this type of arbitrage may dilute the value of the Fund’s shares if the price of the Fund’s foreign securities do not reflect their fair value. Although the Fund has procedures designed to determine the fair value of foreign securities for purposes of calculating its NAV when such an event has occurred, fair value pricing, because it involves judgments which are inherently subjective, may not always eliminate the risk of price arbitrage.

The Fund’s service providers will take steps reasonably designed to detect and deter frequent trading by shareholders pursuant to the Fund’s policies and procedures described in this Prospectus and approved by the Board. For purposes of applying these policies, the Fund’s service providers may consider the trading history of accounts under common ownership or control. The Fund’s policies and procedures include:

- Shareholders are restricted from making more than five (5) “round trips” into or out of the Fund over any rolling 12 month period. The Fund defined a “round trip” as a purchase into the Fund by a

shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund. If a shareholder exceeds these amounts, the Fund and/or its service providers may, at its discretion, reject any additional purchase orders.

- A redemption fee of 2.00% of the value of the shares sold will be imposed on shares redeemed within 90 days or less after their date of purchase (subject to certain exceptions as discussed below in “Redemption Fee”).
- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or the Adviser reasonably believes that the trading activity would be harmful or disruptive to the Fund.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund’s long-term shareholders. The Fund does not knowingly accommodate frequent purchases and redemptions by Fund shareholders. Although these policies are designed to deter frequent trading, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading in the Fund will occur. Systematic purchases and redemptions are exempt from these policies.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. The Fund has entered into “information sharing agreements” with these financial intermediaries, which permit the Fund to obtain, upon request, information about the trading activity of the intermediary’s customers that invest in the Fund. If the Fund or its service providers identify omnibus account level trading patterns that have the potential to be detrimental to the Fund, the Fund or its service providers may, in their sole discretion, request from the financial intermediary information concerning the trading activity of its customers. Based upon a review of that information, if the Fund or its service providers determine that the trading activity of any customer may be detrimental to the Fund, they may, in their sole discretion, request the financial intermediary to restrict or limit further trading in the Fund by that customer. If the Fund is not satisfied that the intermediary has taken appropriate action, the Fund may terminate the intermediary’s ability to transact in Fund shares. When information regarding transactions in the Fund’s shares

is requested by the Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an “indirect intermediary”), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons.

The Fund and its service providers will use reasonable efforts to work with financial intermediaries to identify excessive short-term trading in omnibus accounts that may be detrimental to the Fund. However, there can be no assurance that the monitoring of omnibus account level trading will enable the Fund to identify or prevent all such trading by a financial intermediary’s customers. Please contact your financial intermediary for more information.

## **Redemption Fee**

In an effort to discourage short-term trading and defray costs incurred by shareholders as a result of the same, the Fund charges a 2.00% redemption fee on redemptions of shares that have been held for less than 90 days. The fee is deducted from the Fund’s sale proceeds and cannot be paid separately, and any proceeds of the fee are credited to the assets of the Fund. The fee does not apply to shares purchased with reinvested dividends or distributions. The redemption fee is applicable to shares of the Fund purchased either directly or through a financial intermediary, such as a broker-dealer. Transactions through financial intermediaries typically are placed with the Fund on an omnibus basis and include both purchase and sale transactions placed on behalf of multiple investors. For this reason, the Fund has undertaken to notify financial intermediaries of their obligation to assess the redemption fee on customer accounts and to collect and remit the proceeds to the Fund. However, due to operational requirements, the intermediaries’ methods for tracking and calculating the fee may be inadequate or differ in some respects from those of the Fund.

The redemption fee may not apply to certain categories of redemptions, such as those that the Fund reasonably believe may not raise frequent trading or market timing concerns. These categories include, but are not limited to, the following: (i) participants in certain group retirement plans whose processing systems are incapable of properly applying the redemption fee to underlying shareholders; (ii) redemptions resulting from certain transfers upon the death of a shareholder; (iii) redemptions by certain pension plans as required by law or by

regulatory authorities; (iv) systematic redemptions; and (v) retirement loans and withdrawals. The Fund reserves the right to modify or eliminate the redemption fees or waivers at any time.

## **Customer Identification and Verification**

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means to you: When you open an account, the Fund will ask your name, address, date of birth, and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

The Fund is required by law to reject your new account application if the required identifying information is not provided.

In certain instances, the Fund is required to collect documents to fulfill its legal obligation. Documents provided in connection with your application will be used solely to establish and verify your identity.

Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker or financial intermediary. If this information cannot be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in proper form (or upon receipt of all identifying information required on the application), your investment will be accepted and your order will be processed at the next-determined NAV per share.

The Fund reserves the right to close or liquidate your account at the NAV next-determined and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from the date of purchase. In such an instance, you may be subject to a gain or loss on Fund shares and will be subject to corresponding tax implications.

## **Anti-Money Laundering Program**

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of illegal activities. In this regard, the Fund reserves the right to: (i) refuse, cancel or rescind any purchase order; (ii) freeze any account and/or suspend account services; or (iii) involuntarily close your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

## **Unclaimed Property**

Each state has unclaimed property rules that generally provide for escheatment (or transfer) to the state of unclaimed property under various circumstances. Such circumstances include inactivity (e.g., no owner-initiated contact for a certain period), returned mail (e.g., when mail sent to a shareholder is returned by the post office, or "RPO," as undeliverable), or a combination of both inactivity and returned mail. Once it flags property as unclaimed, the Fund will attempt to contact the shareholder, but if that attempt is unsuccessful, the account may be considered abandoned and escheated to the state.

Shareholders that reside in the state of Texas may designate a representative to receive escheatment notifications by completing and submitting a designation form that can be found on the website of the Texas Comptroller. While the designated representative does not have any rights to claim or access the shareholder's account or assets, the escheatment period will cease if the representative communicates knowledge of the shareholder's location and confirms that the shareholder has not abandoned his or her property. A completed designation form may be mailed to the Fund (if shares are held directly with the Fund) or to the shareholder's financial intermediary (if shares are not held directly with the Fund).

More information on unclaimed property and how to maintain an active account is available through your state or by calling 1-877-457-NPF3 (1-877-457-6733).

## DIVIDENDS AND DISTRIBUTIONS

---

The Fund distributes its net investment income and makes distributions of its net realized capital gains, if any, at least annually. If you own Fund shares on the Fund's record date, you will be entitled to receive the distribution.

You will receive dividends and distributions in the form of additional Fund shares unless you elect to receive payment in cash. To elect cash payment, you must notify the Fund in writing prior to the date of the distribution. Your election will be effective for dividends and distributions paid after the Fund receives your written notice. To cancel your election, simply send the Fund written notice.

## TAXES

---

**You should always consult your tax advisor for specific guidance regarding the U.S. federal, state and local tax effects of your investment in the Fund.** The following is a summary of the U.S. federal income tax consequences of investing in the Fund. This summary does not apply to shares held in an IRA or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future.

The Tax Cuts and Jobs Act (the "Tax Act") makes significant changes to the U.S. federal income tax rules for taxation of individuals and corporations, generally effective for taxable years beginning after December 31, 2017. Many of the changes applicable to individuals are temporary and would apply only to taxable years beginning after December 31, 2017 and before January 1, 2026. There are only minor changes with respect to the specific rules only applicable to a regulated investment company, such as the Fund. The Tax Act, however, makes numerous other changes to the tax rules that may affect shareholders and the Fund. You are urged to consult with your own tax advisor regarding how the Tax Act affects your investment in the Fund.

The Fund intends to distribute substantially all of its net investment income and net realized capital gains, if any. The dividends and distributions you receive, whether in cash or reinvested in additional shares of the Fund may be subject to federal, state, and local taxation, depending upon your tax situation. Income distributions, including distributions of net short-term capital gains but excluding distributions of qualified dividend income, are generally taxable at ordinary income tax rates. Long-term capital gains distributions and distributions that

are reported by the Fund as qualified dividend income are generally taxable at the rates applicable to long-term capital gains and currently set at a maximum tax rate for individuals at 20% (lower rates apply to individuals in lower tax brackets). Once a year the Fund (or its administrative agent) will send you a statement showing the types and total amount of distributions you received during the previous year.

You should note that if you purchase shares just before a distribution, the purchase price would reflect the amount of the upcoming distribution. In this case, you would be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of your investment. This is known as “buying a dividend” and should be avoided by taxable investors.

Each sale of shares of the Fund may be a taxable event. A sale may result in a capital gain or loss to you. The gain or loss generally will be treated as short term if you held the shares 12 months or less, long term if you held the shares for longer. Any loss realized upon a taxable disposition of Fund shares held for six months or less will be treated as long-term, rather than short-term, to the extent of any long-term capital gain distributions received (or deemed received) by you with respect to the Fund shares. All or a portion of any loss realized upon a taxable disposition of Fund shares will be disallowed if you purchase other substantially identical shares within 30 days before or after the disposition. In such a case, the basis of the newly purchased shares will be adjusted to reflect the disallowed loss.

U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly) are subject to a 3.8% Medicare contribution tax on their “net investment income,” including interest, dividends, and capital gains (including capital gains realized on the sale of shares of the Fund).

The Fund (or its administrative agent) must report to the Internal Revenue Service (“IRS”) and furnish to Fund shareholders the cost basis information for purchases of Fund shares. The Fund (or its administrative agent) is also required to report the cost basis information for such shares and indicate whether these shares have a short-term or long-term holding period. For each sale of its shares, the Fund will permit its shareholders to elect from among several IRS-accepted cost basis methods, including average cost. In the absence of an election, the Fund will use a default cost basis method. The cost basis method elected by shareholders (or the cost basis method applied by default) for each sale of the Fund’s shares may not be changed

after the settlement date of each such sale of the Fund's shares. Shareholders should consult their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about cost basis reporting. Shareholders also should carefully review any cost basis information provided to them and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

To the extent the Fund invests in foreign securities, it may be subject to foreign withholding taxes with respect to dividends or interest the Fund received from sources in foreign countries. If more than 50% of the total assets of the Fund consists of foreign securities, the Fund will be eligible to elect to treat some of those taxes as a distribution to shareholders, which would allow shareholders to offset some of their U.S. federal income tax. The Fund (or its administrative agent) will notify you if it makes such an election and provide you with the information necessary to reflect foreign taxes paid on your income tax return.

The Fund may invest in REITs. The Tax Act treats "qualified REIT dividends" (i.e., ordinary REIT dividends other than capital gain dividends and portions of REIT dividends designated as qualified dividend income eligible for capital gain tax rates) as eligible for a 20% deduction by non-corporate taxpayers. This deduction, if allowed in full, equates to a maximum effective tax rate of 29.6% (37% top rate applied to income after 20% deduction). Pursuant to recently proposed regulations on which the Fund may rely, distributions by the Fund to its shareholders that are attributable to qualified REIT dividends received by the Fund and which the Fund properly reports as "section 199A dividends," are treated as "qualified REIT dividends" in the hands of non-corporate shareholders. A section 199A dividend is treated as a qualified REIT dividend only if the shareholder receiving such dividend holds the dividend-paying RIC shares for at least 46 days of the 91-day period beginning 45 days before the shares become ex-dividend, and is not under an obligation to make related payments with respect to a position in substantially similar or related property. The Fund is permitted to report such part of its dividends as section 199A dividends as are eligible, but is not required to do so.

REITs in which the Fund invests often do not provide complete and final tax information to the Fund until after the time that the Fund issues a tax reporting statement. As a result, the Fund may at times find it necessary to reclassify the amount and character of its distributions to you after it issues your tax reporting statement.

When such reclassification is necessary, the Fund (or its administrative agent) will send you a corrected, final Form 1099-DIV to reflect the reclassified information. If you receive a corrected Form 1099-DIV, use the information on this corrected form, and not the information on the previously issued tax reporting statement, in completing your tax returns.

Because each shareholder's tax situation is different, you should consult your tax advisor about the tax implications of an investment in the Fund.

**More information about taxes is in the SAI.**

## **ADDITIONAL INFORMATION**

---

The Trust enters into contractual arrangements with various parties, including, among others, the Fund's investment adviser, custodian, transfer agent, accountants, administrator and distributor, who provide services to the Fund. Shareholders are not parties to, or intended (or "third-party") beneficiaries of, any of those contractual arrangements, and those contractual arrangements are not intended to create in any individual shareholder or group of shareholders any right to enforce the terms of the contractual arrangements against the service providers or to seek any remedy under the contractual arrangements against the service providers, either directly or on behalf of the Trust.

This Prospectus and the SAI provide information concerning the Trust and the Fund that you should consider in determining whether to purchase shares of the Fund. The Fund may make changes to this information from time to time. Neither this Prospectus, the SAI or any document filed as an exhibit to the Trust's registration statement, is intended to, nor does it, give rise to an agreement or contract between the Trust or the Fund and any shareholder, or give rise to any contract or other rights in any individual shareholder, group of shareholders or other person other than any rights conferred explicitly by federal or state securities laws that may not be waived.

## **FINANCIAL HIGHLIGHTS**

---

The tables that follow present performance information about the Fund. This information is intended to help you understand the Fund's financial performance for the period of the Fund's operations. Some of this information reflects financial information for a single Fund share. The total returns in the tables represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). The information provided below has been audited by PricewaterhouseCoopers LLP, independent registered public accounting firm of the Fund. The financial statements and the unqualified opinion of PricewaterhouseCoopers LLP are included in the 2018 Annual Report of the Fund, which is available upon request by calling the Fund at 1-877-457-6733.

# Privacy Notice

*This information is not part of the Prospectus*

The Fund recognizes and respects the privacy concerns of its customers. The Fund collects nonpublic personal information about you in the course of doing business with shareholders and investors. “Nonpublic personal information” is personally identifiable financial information about you. For example, it includes information regarding your social security number, account balance, bank account information and purchase and redemption history.

## **The Fund collects this information from the following sources:**

- Information we receive from you on applications or other forms;
- Information about your transactions with us and our service providers, or others;
- Information we receive from consumer reporting agencies (including credit bureaus).

## **What information the Fund discloses and to whom the Fund discloses information.**

The Fund only discloses nonpublic personal information the Fund collects about shareholders as permitted by law. For example, the Fund may disclose nonpublic personal information about shareholders:

- To government entities, in response to subpoenas or to comply with laws or regulations.
- When you, the customer, direct the Fund to do so or consent to the disclosure.
- To companies that perform necessary services for the Fund, such as shareholder servicing centers that the Fund uses to process your transactions or maintain your account.
- To protect against fraud, or to collect unpaid debts.

## **Information about former customers.**

If you decide to close your account(s) or become an inactive customer, we will adhere to the privacy policies and practices described in this notice.

## **How the Fund safeguards information.**

The Fund conducts its business affairs through trustees, officers and third parties that provide services pursuant to agreements with the Fund (for example, the service providers described above). We restrict access to your personal and account information to those persons who need to know that information in order to provide services to you. The Fund or its service providers maintain physical, electronic and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

## **Customers of other financial institutions.**

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary will govern how your non-public personal information will be shared with non-affiliated third parties by that entity.
